DELHI STATE CHAPTER

Office address: Dr. L. Upreti
Hon Secretary, IRIA Delhi state chapter
Department of Radiodiagnosis

A WORD FROM THE PRESIDENT

The new avatar of the Constitution of Indian Radiological & Imaging Association, Delhi state is placed before you—its publication necessitated by the directive of the national body in the view of the new income tax rules which stipulate that each state chapter must be duly registered, possess a distinct PAN, file its own income tax return, and have its own constitution in conformity with the guidelines of the parent national body.

Much of the body and soul of this memorandum derives from its precursor, which was the first published Constitution of Indian Radiological & Imaging Association, Delhi state, and was brought out in 1997 under the sterling leadership of the then President of the association, Dr. NC Saxena. An outstanding document, it served the kutumb of radiologists of this state and region for ten long years and more.

The nucleus of this new document was set up by establishing a core group comprising of Dr. Suresh Prakash, Dr. BKS Chauhan, Dr. L Upreti, Dr. OP Bansal under the able chairmanship of Dr. DD Thukral in 2007. This team deliberated upon the directive of the national body, and set about bringing in the essential changes in the basic document. Once these changes were incorporated, it was made available to the members for them to scrutinize and send in their observations and valuable suggestions. The document thus prepared was considered, amended and ratified in an extra ordinary general body meeting held in the All India Institute of Medical Sciences, New Delhi, on 25 August 2007.

I hope the principles enunciated in this document shall come in handy to run the affairs of this august association. However, since nothing is ever static, no rules can ever hope to fulfill the requirements of any community for all times to come. Just as the primary document framed in 1997 has now been put through the sieve, this memorandum would also grow and evolve much like its precursor.

In times such as be, when the interface between society and medicine is evolving at a dizzying pace, and at times, causing much consternation among both the people and the men-in-white, the need is to strive together for furtherance of a science which not only endeavors to light up the innards of the homo sapiens sapiens, but also alleviate the pain and suffering of disease. Let the noble thoughts and deeds of Wilhelm C. Roentgen still be our guiding force!

There was lot of discussion on this important matter and many members participated. Benefits/Limitations of evoting as well as ballot method of voting was discussed including financial implications. Senior IRIA member told that it wouldn’t be possible for all to cast their vote through evoting as all members are not computer savvy and email of all IRIA members is still not updated with IRIA headquarters. So, even though all members agreed about benefits of evoting as ideal method of casting vote by Delhi State Chapter of IRIA members, it was felt that presently evoting is not a feasible option and this method of evoting can be considered after two years, after data of all Delhi State Chapter of IRIA members is updated. Moreover, it was felt that physical voting is useful for social interaction & increasing bonding among members. House was briefed about many IRIA members who visited IRIA House for first time to cast their vote physically on 18 March 2018. Dr Sudhir Gupta briefed members about another method of voting wherein present system of physical voting can continue but with help of voting machines. These voting machines are managed by organization which has previous Election Commission members as its member.

Hence, after detailed discussions, it was unanimously decided to continue with present system of voting with exploring possibility of holding elections next year with help of voting machines.
There was lot of discussion on this important matter and many members participated. It was informed to house that in last two years more than three Executive Council meetings were held each year, with one Executive Council meeting just before GBM. All members felt that President and Secretary shall be allowed to do Executive Meetings, three or more as deemed fit for smooth functioning of Delhi State Chapter of IRIA.

Hence, after detailed discussions, it was unanimously decided that the State Secretary, after approval from State President, can hold three or more meetings, one before the GBM and two or more mid-term meetings of the Executive Council, in order to manage the day to day affairs of the State Chapter. The date and place of meeting can be decided by the President and Secretary of the State Chapter.

Grievance or Dispute of any Member of IRIA with Delhi State Chapter of IRIA would be brought first to notice of Grievance Committee of Delhi State Chapter of IRIA for redressal. The recommendations of Grievance Committee would be approved by State Council and General Body of Delhi State Chapter of IRIA before implementation. The decision as approved by the General Body of the State Chapter shall be informed to IRIA HQ for records.

There was lot of discussion on this important matter and many members participated. It was informed to house that National IRIA President appoints a sub-committee which generally consists of President, President Elect, Immediate Past President and Secretary. Members felt that Delhi State Chapter of IRIA shall follow National IRIA in this matter.

Hence, after detailed discussion, it was unanimously decided to drop proposed amendment as Bye Law 2 of Delhi IRIA Constitution.
